

HTL-P0 Megaphone

Brief Introduction:

HTL-P0 loudspeaker adopts independent propaganda link, paired handheld intercom, with maximum communication distance of 5Km, 125dB, and effective distance of 600m; using high SNR microphone to reduce environmental impact and ensure clear sound. Used in field rescue, anti-terrorism and riot prevention scenarios.

Product features:

1. Adopt independent propaganda link, matching handheld walkie-talkie, propaganda communication distance up to 5Km;
2. Maximum 125dB, propaganda effective distance can reach 600m;
3. Adopt a high signal-to-noise ratio microphone to reduce the environmental impact and ensure a clear sound.

Technical Parameter:

Dimensions: 170X 160X150mm

Weight: 640g

Operating temperature: -20°C~60°C

Storage temperature: -30°C~70°C

Maximum volume: 125dB

Effective propaganda distance: 600m

Phoniel sensitivity: -32dB

Speaker SN / noise ratio: 60dB
