

JYB-Z40 HD Zoom camera

Brief Introduction:

JYB-Z40 HD zoom cradle is composed of HD zoom camera, all-aluminum alloy casing; customized optical zoom lens, 25 million pixels, clearer imaging; use the latest FOC brushless motor, faster response; optical stabilization + industrial three-axis shock cradle, ensure more stable image; pointing, gesture movement, zoom, focusing and other functions, better inspection and monitoring operation experience.

Technical Parameter:

Size	152.8×120×166.8mm
Weight	600g
Way to install	detachable
Range of structural rotation pitch	-130°~50°; roll: -75°~75°; heading: ± 175°
Static control accuracy	±0.01°
Dynamic control accuracy	±0.05°
camera lens	40 x zoom; aperture: F1.8~F3.6
Video resolution	4K: RMB 8.29 million yuan
Photo compression format	JPEG
Video compression format	MPEG-4
Work pattern	Take photos, video
Storage Card	SD Card (512M-2GB) SDHC Card (4GB-32GB) SDXC Card (48GB-128GB)
Working temperature	-20℃~60℃
Save the temperature	-30℃~70℃
Sensor	CMOS 1 / 2.3-inch in
Maximum zoom Multiples	40 Times
Pixel / resolution	25 Million
